Student Health

Samford University
Birmingham, Alabama
Volume 62

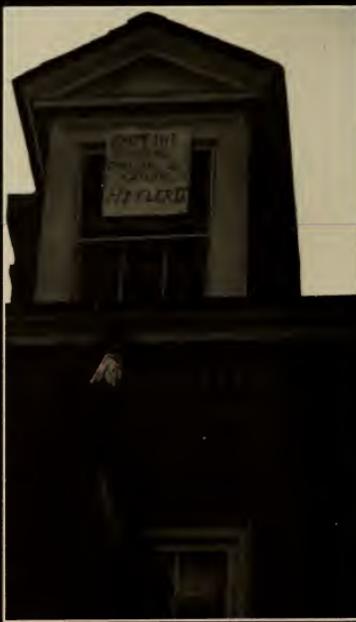

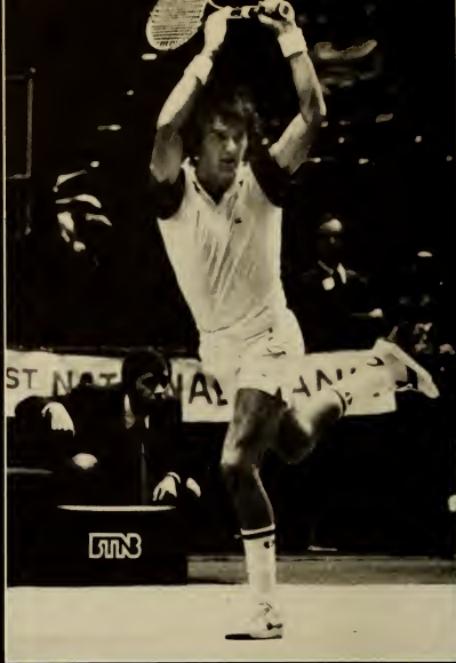

There have been a variety of activities at Samford this year. Our campus has been the location for concerts by highly successful artists. Also, we have been fortunate to have guest speakers such as Ronald Reagan, John Connally, Frank Abagnale, and Dr. Edward Teller. How did we do it?

We bring about the changes by working together very diligently. We face new challenges and make of them opportunities. we have a spirit embodied in us that makes things happen, one that can add a little fun to almost any situation.

*What causes the changes?
Who is responsible for the happenings? We are. Together we
make this happen.*

Dedication

It is always pleasant to see faculty members who strive to be more than just members of the faculty. As many students have realized, Martha Ann Cox and Esther and Bob Burroughs possess this quality. These three can always be seen with students whether inside the classroom or out. Between the three of them, they have sponsored the Women's Programs, the Panhellenic Council, Campus Ministries, the Hear and Now Singers, Step-Sing, ENTRE NOUS. Also, between the three of them, they have collected such honors as Hypatia, Friendliest Male Professor, and Friendliest Female Professor.

The 1980 edition of the ENTRE NOUS is dedicated to Martha Ann Cox and Esther and Bob Burroughs because, with their help, we have made a lot of things happen.

Greeks

In order to have a successful Greek system, a school must have active Greeks. We have this at Samford. Greeks participate in Step-Sing, the Summer Missions Carnival, and Intramurals. They create a little extra fun without compromising themselves. In order to be successful, the Greeks must work with each other. We saw this happen during Greek Week when sorority and fraternity barriers were broken down.

With a little cooperation, we make this happen.

Athletics

Through the years athletics at Samford have enjoyed a glorious history. Rapidly increasing costs have forced the University to limit intercollegiate competition to basketball, tennis, golf, track, and cross-country. We have seen intramurals grow from afternoon exercise to a very competitive program. We have seen a renewed school spirit.

With a little caring, we make this happen.

Strong bodies, determination . . .

One true blessing that we have received at Samford is the low student-teacher ratio. This ratio plays a large part in the relationship between students and faculty members. Faculty members are always around the students, their doors are open for many hours of the day, they serve as advisors for several organizations, and they are willing to give more of themselves in order to help the students.

With a little understanding, we make this happen.

The boundaries between classes don't exist at Samford. Incoming Freshmen are greeted and aided by Upperclassmen during Orientation. The only real competition arises during Step Sing, and, even then, the competitive spirit remains controllable.

With a little understanding, we make this happen.

The organizations at Samford are invaluable. They participate in Step Sing, they provide musical entertainment, and such services as the Book Exchange. They sponsor such activities as Adopt-a-Child, the Summer Missions Carnival, and Christian Emphasis Week. They produce publications such as THE SAMFORD CRIMSON and the ENTRE NOUS. These groups provide the opportunity for students to express and to be recognized for special talents.

With a little extra effort, we make this happen.

As I put the finishing touches on the 1980 ENTRE NOUS, I think about the people to whom I owe a great deal of appreciation. Without the help of these individuals, the production of this yearbook would have been an impossible task.

I would like to thank: Mrs. Floy Blane, for her patience and helpful hints; my staff, for their time and effort; Sheryl Beck and Jill Moody, for staying with me until they had completed their job; Sue Hendrix, for taking the job of Business Manager and for an excellent ENTRE NOUS Pageant; Jerri Moody, for her dedication and her never failing to answer one of my "panic" phone calls; Charles Woods, for his unending supply of pictures; my sorority sisters, who gave me encouragement and support throughout the year; Miss Cox, Dean Martin, Dr. Wright, and the Board of Trustees, who very rarely get the credit and thanks that they deserve.

I would also like to take this opportunity to remind all students that this yearbook should not be taken for granted. The ENTRE NOUS is a service to the students, but, if the students do not support it, who is the ENTRE NOUS serving? If you have an opportunity to buy an ENTRE NOUS next year, do not hesitate to take it.

Lisa Dunning

With a little extra effort, with a little understanding, with a little cooperation, we make this work. We put it together. We make it happen.
